PERMISSION TO DISTRIBUTE TRANSCRIPT DATA
THROUGH TALKBANK
Carnegie Mellon University

Carnegie Mellon University is participating in a data-sharing program known as TalkBank that was established through federal and foundation grants. For the program to function properly, contributors will be asked to and will give permission for their work to be made available to other researchers. With a full understanding of the aforementioned, I hereby give permission to Brian MacWhinney, Director of the Center of the Child Language Data Exchange System at Carnegie Mellon University, to make and circulate electronic copies of the language transcripts and media that I describe below. These copies may be distributed to scholars and other responsible parties. I warrant that this use of the data is in accord with Human Subjects review procedures at my institution and that participants have given informed consent to have their data available to researchers. I also warrant that there is no copyright restriction over the transcripts and media being circulated. Any further restrictions that I wish to place on the use of these data are listed under (2) below. I do not hold Brian MacWhinney or Carnegie Mellon responsible for the enforcement of these further restrictions and indemnify and render harmless both Brian MacWhinney and Carnegie Mellon University against any actions at law or in equity or in similar courts of any jurisdictions arising from violations of these restrictions.

1. General description of the data set, and IRB Approval # (if available):

The DementiaBank Spanish PerLA Corpus includes 27 transcripts from 21 individuals speakers with Alzheimer disease.

2. Restrictions to be placed on the use of the data:

Researchers willing to use the data for research and teaching purposes are required to include the following citation: "The data used in this research/paper are part of the Clinical Linguistics PERLACH Corpus, and have been contributed to Talkbank by the PerLA Research Group on Clinical Linguistics thanks to the funding provided by the University of Valencia and the Spanish Ministries with competences in Science (MINECO Ref. FFI2012-39325-C03-01)". In addition, they should cite the following works:

Pérez Mantero, J. L. (2012). El déficit lingüístico en personas con demencia de tipo Alzhéimer: breve estado de la cuestión. *Pragmalingüística*, *20*, 220–238.
Pérez Mantero, J. L. (2014). Interacción y predictibilidad: los intercambios conversacionales con hablantes con demencia tipo Alzhéimer. *Revista de Investigación Lingüística*, *17*, 97-118.

We also beg the authors to send a copy of their work to Beatriz.Gallardo@uv.es
